Lilies Approved Varieties for the Garden

Five Beautiful Lilies: In order that you may have the greatest measure of success with Lilies, we have selected five varieties that are absolutely hardy, of easy culture and permanency. These five varieties will succeed anywhere without expert care. Their flowering season runs from June into September. *Lilium Candidum* should be planted from September into October. *Lilium Hansonii*, *Henryi*, *Regale*, and *Speciosum* may be successfully planted from late October until heavy frost. We make delivery at the proper time for planting.

Lilium Candidum (Ascension or Madonna Lily). This Lily of all Lilies should be planted in clumps in every garden—an emblem of purity, the inspiration of poet and painter for centuries, a benediction in the garden when June melts into July. It is hardy everywhere. Easiest of cultivation when the right type of bulbs are planted. Our SPECIAL STRAIN comes from the north of France; it is the finest and hardiest type, not to be confused with Southern France bulbs, which are prone to disease. Upon their arrival here, the bulbs are carefully regraded and repacked in their original French hampers. They are offered in this finest select grade as follows:

	Per 10	Per 100
Our large high quality bulbs	\$4.75	\$38.00
Selected bulbs of fine quality	3.50	25.00

Lilium Hansonii. In every way most desirable, easy to grow, hardy everywhere, extremely handsome; likes a semi-shady situation; flowers in late June.

	Per 10	Per 100
Our large, high quality bulbs	\$6.50	\$62.50
Selected bulbs of fine quality	4.75	45.00

Smaller bulbs at correspondingly lower prices.

Lilium Henryi (The Yellow Speciosum Lily). One of the best border Lilies, reaching over 8 feet in height when established and bearing more than 20 flowers of a rich, deep, orange-yellow. An invaluable garden plant, vigorous in its growth, failing but very seldom.

	Per 10	Per 100
Our large, high quality bulbs	\$5.75	\$55.00
Selected bulbs of fine quality	3.75	35.00

Smaller bulbs at correspondingly lower prices.

Lilium Regale (The Regal or Royal Lily). Of all the Lilies in cultivation, this is one of the most beautiful, hardiest, and easiest to grow. Flowers in July. Worthy of a place in every garden. The bulbs which we offer are carefully selected as to trueness to original type; this is important.

	Per 10	Per 100
Our large, high quality bulbs	\$7.00	\$67.50
Selected bulbs of fine quality	4.00	37.50
